# RTR, GRP Non-metallic Products

**Elite Eastern** specializes in RTR (Reinforced Thermosetting Resin) and GRP (Glass Reinforced Plastic) non-metallic products, known for their corrosion resistance, durability, and lightweight properties. These materials are widely used in pipelines, storage tanks, ducting systems and industrial components where traditional metals fail under harsh environmental conditions.

Our manufacturing and supply capabilities meet the highest international standards, ensuring products that withstand chemicals, saltwater and extreme temperatures. By offering installation, maintenance and custom fabrication services, we deliver complete solutions that extend the lifespan of industrial infrastructure while reducing maintenance costs

# Pipeline Work

**Elite Eastern** specializes in pipeline construction and installation, serving the oil & gas, water and utilities sectors. From design to commissioning, we manage the entire lifecycle, ensuring pipelines meet strict safety and environmental regulations. Our services include welding, coating, hydro-testing and maintenance, supported by cutting-edge inspection technologies.

We pride ourselves on delivering projects that maximize flow efficiency and operational reliability. By leveraging experienced teams and precision engineering, we help clients maintain uninterrupted supply chains and infrastructure networks that are essential to Saudi Arabia's industrial growth.

# Excavation Work

**Elite Eastern** provides specialized excavation services for projects of all scales, from initial site preparation to deep foundation digging. Our fleet of advanced machinery, coupled with skilled operators, ensures precise and efficient earthmoving, even in challenging terrains. We handle grading, trenching, backfilling and site clearing with an emphasis on safety and environmental responsibility.

## Concrete Work

**Elite Eastern** delivers high-quality concrete works for structural, industrial and infrastructure projects. Our expertise covers reinforced concrete foundations, slabs, beams, columns and precast elements, ensuring optimal strength and durability. We use top-grade materials and advanced mixing techniques to achieve superior finishes that meet the most demanding project requirements.

## Warehousing & Structural Work

**Elite Eastern** offers turnkey warehouse construction and structural fabrication services, tailored to client-specific storage and operational needs. We design and build facilities that maximize space utilization, support heavy loads and incorporate advanced ventilation, lighting, and fire safety systems.

## Scaffolding Work

**Elite Eastern** provides safe, reliable and compliant scaffolding solutions for construction, maintenance and industrial projects. Our scaffolding systems are designed for stability, ease of assembly and flexibility in complex site conditions, ensuring worker safety and operational efficiency.

## Transportation

**Elite Eastern** offers reliable transportation solutions designed to meet the logistical demands of various industries across Saudi Arabia. Our fleet includes heavy-duty trucks, trailers and specialized transport vehicles capable of moving construction materials, machinery and oversized loads with efficiency and safety. We prioritize on-time deliveries, route optimization and compliance with all transport regulations to ensure seamless operations for our clients.

## Reliable Transport, Seamless Operations

Our transportation services go beyond simple delivery — we provide end-to-end logistics coordination, including scheduling, tracking and load management. With experienced drivers and a strong focus on safety, we ensure that every consignment reaches its destination in perfect condition, supporting the continuous flow of projects and industrial operations.

# Manpower Supply
